Paste it anywhere you want. I would suggest for easy access the "Desktop"

Download Python

Open https://www.python.org/downloads/

Download the current version on python.

Open the download and select "Install Now"

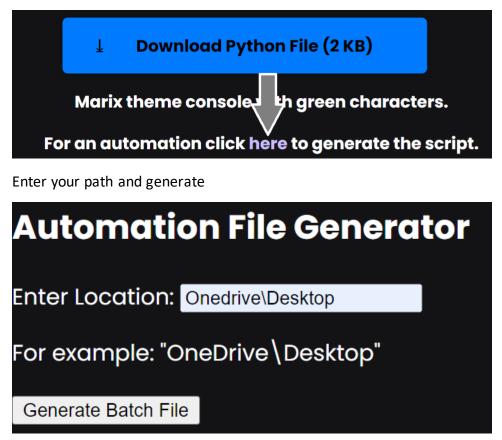

Wait for the installation to finish

Start – automatically

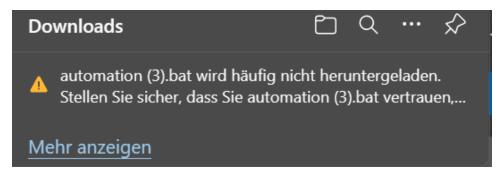

Go on https://marlonbitiq.com/download

Click on "here"

There will be a warning from your browser – do not worry at all, my scripts are open source and secure. If you want to double check - check my repository https://github.com/Baton15/Baton15.github.io

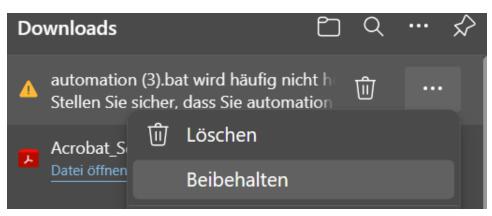

Click on more info

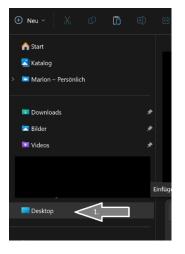

Matrix-guide.pdf By Marlon Bitiq

Click on the three dots

Select "Keep"

Open the download folder

Double click on the automation.bat file

s automation.bat	15.01.2024 19:04	Windows-Batchdatei	1 KB
automation.bat	13.01.2024 19:04	windows-batchdater	I ND

If an error would appear – click more info and "execute anyway"

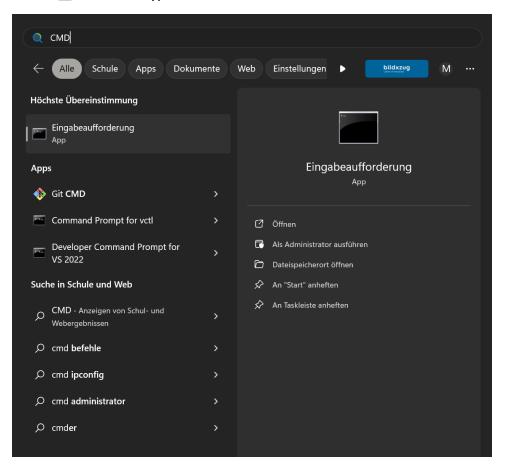

Locate the "automation.bat" file and double click

Matrix-guide.pdf By Marlon Bitiq

Start - manually

Press "
 Win" and type "CMD"

Write: "cd OneDrive\Desktop" or if you have the file somewhere else: "cd yourpath"

ξ

Make sure to press F11 or Fn + F11 for full screen
